

The background of the entire page is a photograph of a stone veneer wall and a wooden pergola structure. The stone is a mix of warm, earthy tones like tan, brown, and orange. The wooden beams of the pergola are dark and create a series of horizontal lines across the upper half of the image. The sky in the background is a mix of blue, orange, and yellow, suggesting a sunset or sunrise. The overall composition is clean and modern, with a focus on natural materials.

SUNSET STONE

STONE VENEER CO.

FULL LINE STONE CATALOG

Made by hand.

Sunset Stone was born in 1970 on Colorado's Front Range. With Castle Rock to our South and the Rockies to the West, our surroundings have always provided us with all the inspiration we could ask for. Our deep appreciation of natural beauty is what drives us to make Sunset Stone the most natural-looking stone veneer you

can buy. Sunset Stone has always been a company committed to hard work and transparency. We pour our hearts into our product and the way we treat our customers. It didn't take long for our reputation to spread beyond Castle Rock.

*Everything...
under the sunset.*
Whatever the look—we'll make it happen.

*Enduring beauty...
as nature intended.*

Natural Limestone

Why manufactured stone?

Unlike the fleeting beauty of a sunset, the beauty of Sunset Stone is engineered to endure for generations. Whether you're looking to enhance the curb appeal of your home or add beauty and performance to a hospital, apartment complex or restaurant... inside or out, you'll love Sunset Stone.

You've got choices... and they're all good. Sunset Stone offers you not only a wide range of cast stone profiles and colors, but also the real thing: natural stone. Let Sunset Stone be your starting point when looking to add warmth and drama to a backsplash or fireplace—or an entire façade.

Anatomy of a Sunset...

No two Sunsets are ever the same.

At Sunset Stone, we're hands on. Automation has its place, but it's the knowing hands and eyes of an expert that sets a crafted product apart from a mass-produced one. A Sunset Stone is so much more than the sum of its parts... it's a labor of love.

Color that's crafted... not contrived.

We largely use organic dry colorants which we apply by hand. Hand-veining takes some practice, but the results are stunning and, like a sunset, entirely unique every time.

Beautiful, through and through.

Manufacturing stone is an ancient craft that dates back to the earliest Romans. At Sunset Stone, we honor many of the techniques and practices that result in enduring beauty. For instance, at the core of every Sunset Stone is expanded shale aggregate. It helps to eliminate weight and reduce water absorption, contributing to the overall strength and durability of our stone.

From....
the use of expanded shale
aggregate we source...

to...
the personal touch that only
hand-veining can produce,

Sunset Stone's attention to the details is what makes our stone products look so real and feel so *natural*.

Dry Stack Ledge

Ledge-style panels of stones made to fit together with a "dry-stacked" application. The absence of mortar lines creates a more natural and organic appearance, eliminating the visual influence of the grout.

Flats: 3" high by 6", 12", and 18" lengths
Corners: 3" high by 6½" long with a 4" return **Thickness:** 1½" to 1¾"

Flats: Packaged in 10 SF and 100 SF (grouted) boxes
Corners: Packaged in 10 LF and 100 LF (grouted) boxes

Buff Moss

Sienna Moss

Moss

Rough textured and irregularly shaped, Moss stone features relatively consistent color ranges primarily in warm earth tones. Well-suited to both standard width and wide grout lines.

Corners available. Diameter: 8" to 16" **Thickness:** 1½" to 2½"

Buff Moss Ledge

PACKAGING
Flats: Packaged in 10 SF and 100 SF (grouted) boxes
Corners: Packaged in 10 LF and 100 LF (grouted) boxes

Buff Moss Ledge

Sienna Moss Ledge

Moss Ledge

Combining both small and large stones, Moss Ledge tightly packs irregular shapes to create an elemental blend. It features an earthy brown with sporadic rust highlights.

Corners available. Flats: 4" to 12" high by 6" to 20" long **Thickness:** 1½" to 2½"

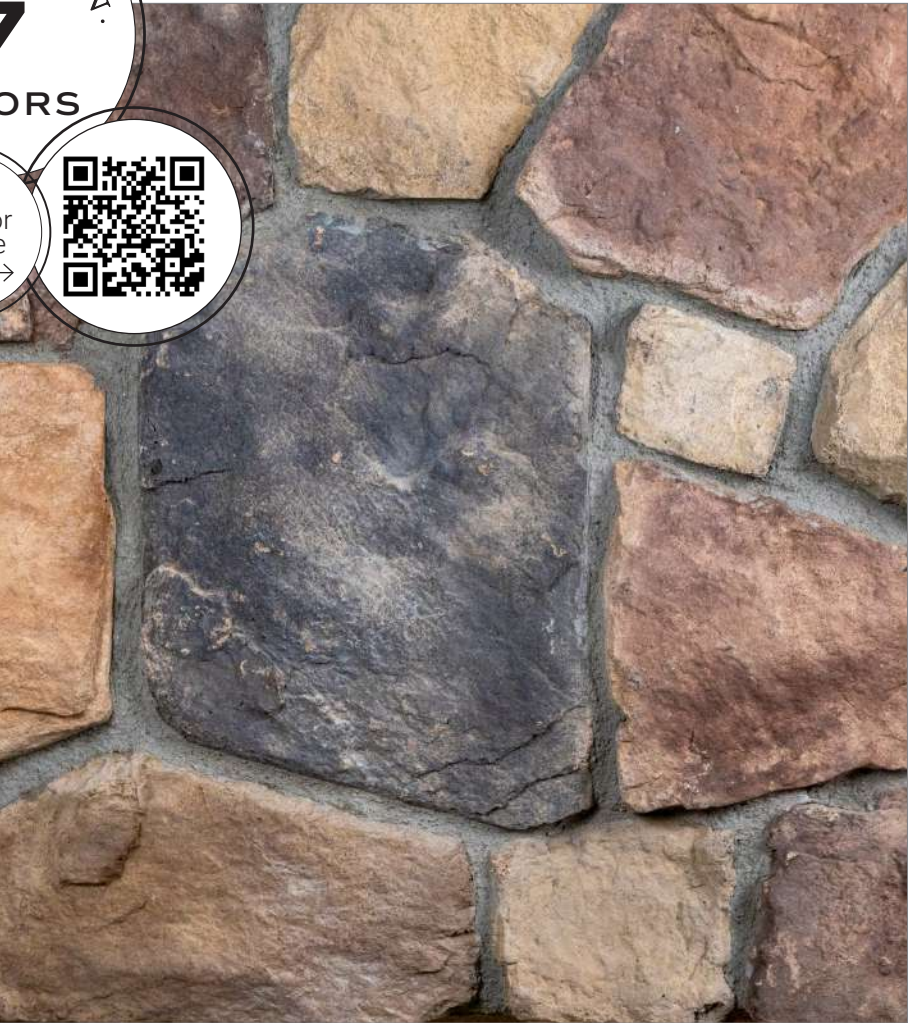

Country Fieldstone

In good company

Sunset Stone is an active player
in the cast stone industry.

*Sunset is coming
your way*

We're working to bring our hands-on approach to cast stone everywhere.
To find a distributor near you, visit [sunsetstone.co](https://www.sunsetstone.co)

702 PRAIRIE HAWK DRIVE
CASTLE ROCK — COLORADO 80109
[SUNSETSTONE.CO](https://www.sunsetstone.co) — 303-791-1233

Sunset Stone manufactures replications of natural stone. Just like in nature, slight texture and color variations are to be expected. The colors you see in our product brochure are close to the actual colors of our stone. However, it is important to note that photography and printing techniques may alter perception of actual colors. Sunset Stone recommends that you obtain a sample of Sunset Stone products before placing your order. ©2025 SUNSET STONE rv0925
